DETAILED ACTION

This Office action is in response to applicant's amendment filed on 22 August 2005.

Allowable Subject Matter

1. Claims 5-16, 18-22 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - Claims 5-16, 18-20 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for manufacturing a semiconductor device for use in a memory cell that includes the step of forming a composite layer of tantalum oxide and titanium oxide over bottom electrodes and the step of forming a dielectric layer over the composite layer, combined with the step of patterning both layers; and
 - Claims 21-22 are allowed because the prior art of record does not teach or suggest, in combination with the other claim limitations, a method for manufacturing a semiconductor device for use in a memory cell that includes

the step of forming a composite layer of tantalum oxide and titanium oxide adjacent to a first electrode and the step of forming a dielectric layer adjacent to the composite layer, combined with the step of patterning both layers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
